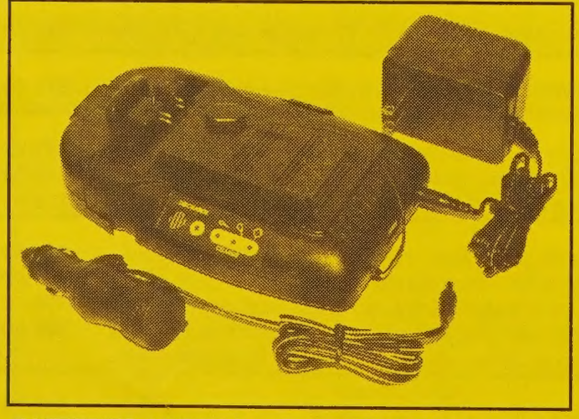
NOW FEATURING... the UDQ-9000 Universal Charger & Conditioner !



The UDQ-9000 is the smart charger for nearly all your needs! $ 49.95

(1) Adjustable contacts let you charge or condition almost ANY Ni-Cd or Ni-MH pack from 4.8 volt through 12 volt ! (Charging time for most packs is 1 – 3 hours).
(2) Safe, smart quick-charge function with auto-switching to trickle charge at end of cycle!
(3) Easy-to read LED indicators show the charge/discharge level of the battery.
(4) Intelligent charging circuitry prevents overcharging or reverse charging!
(5) Includes special plug w/ wire leads for input on side of unit – for custom plug-in charging & discharging applications !
(6) Includes temperature sensor for careful monitoring of Ni-Cd and Ni-MH packs. The sensor regulates input current to help maintain proper battery temperatures during charging.
(7) Special magnetized surface holds the battery pack securely in place for effective charging, especially during mobile use!
(8) Includes UL-approved wall power supply AND vehicle power cord for DC operation!

NEW – the BATTERIES AMERICA 9000 Smart Charger & Conditioner! *Value-priced !* $ 22.95

(1) Desktop unit can charge or condition up to 4 Nickel Metal Hydride or Nickel Cadmium cells simultaneously.
*(2) Provides safe, smart quick-charge for all capacities of **AA**, **AAA**, or 7/5AAA size batteries !*
(3) Automatic shut-off at end of charging cycle – prevents overcharging !
(4) The selectable conditioning feature helps to restore full capacity (operating time) to older batteries.
(5) Full charging time is 4 – 8 hours. Full conditioning & charging is done in 6 – 10 hours.
(6) LED indicators, user-friendly touchpads, and new computer circuitry ensure easy operation !
(7) Keeps batteries fresh and charged for use in devices such as Digital Cameras; Palmtops; Personal Organizers; Two-Way radios; Scanners; GPS units; Portable Video Games; CD players; Pagers; & more!
